LODGE 111
the local Lodge of the Knights of Columbus, at 101 South Main Street, has been instrumental in the movement to keep the old bridge standing. It does appear that the members of this Lodge do not know the facts, as they may have heard views from local press in their section which will be published if they are given a detailed description of the proposed bridge across the river, which will be upon the cost of the new bridge, whether you are informed or not, in the cost of the construction of the new bridge, in which Chapman & Scott to the structure in its entirety will run well over \$1,000,000. The regular session of the State Legislature in 1952, in 1954, was passed by the local authorities which provided that the old structure be left on the Bay St. Louis side, and be used as a fishing pier for a consideration of One Hancock County Board of Education, who would buy the pier, now owned by the City, obliging it to maintain it and keep it up. This action was taken Board at the regular meeting of the Board, and it is evident that all of this cost would come from the State. Do you think that we can take on this added obligation to carry on improvements and for getting the future.

H. W. LE TISSIER
Oct. 28, 1952.

H. W. Simmons, County Farm Agent, and Miss Sarah Weaver, Home Demonstration Agent, attended a State Farm Bureau meeting in Jackson Tuesday, Wednesday and Thursday, November 11, 12 and 13.

Accompanying them to Jackson were Mrs. J. P. Rousseau, Mrs. J. L. Salesby, Mrs. H. Eubanks, who represented Hancock County in the statewide dress review.
